

one generation from extinction?

How can the church connect with the unchurched child?

Are we one generation from extinction as a witnessing community? In a compelling and thought provoking presentation Mark Griffiths examines how the church reached the unchurched child in the past and details how many pioneering groups are seeking to do the same in the 21st Century.

Mark will help you grasp how many are helping to restock the imagination of children with the message of Jesus and planting the seeds for many more generations of witness.

Drawing on material from his new book he will set you thinking with a fast paced 2 hour presentation.
