“perilous times”

Israel 'cannot be saved from annihilation,' says Iranian
army commander
(Jerusalem Post 7/8/24)

We have seen so far this current year the essence of the predicted “perilous times” of 2 Timothy 3. We have drama, intrigue, deception, lying by Governments and multi-national organisations, murder and also human tragedy at every turn. We have seen the debauchery of the globally-televised 2024 Olympics and their mockery of Christianity. World economies are sinking today and a major Central Bank failure is imminent. A major Middle East conflict is about to explode onto the scene either as a focussed war or a regional war.

“But mark this. There will be terrible times in the last days. People will be lovers of themselves, lovers of money, boastful, proud, abusive, disobedient to their parents, ungrateful, unholy, without love, unforgiving, slanderous, without self-control, brutal, not lovers of the good, treacherous, rash, conceited, lovers of pleasure rather than lovers of God.” (NIV)

Everywhere, deceived people and governments are calling evil good. (Is. 5:20)

SHALOM and a
final word 27-28

We must remain positive because *Jesus is coming soon*. Perhaps that is the only good news. For sure, that is our “blessed hope.” (Titus 2:13)

What do you see? Jesus said that if we have eyes to see and ears to hear then we should use them. Whilst no eye has seen and no ear has heard the good things that God has in store for us that love Him (1 Corinthians 2:9-10) we discern them by His Holy Spirit whom He has given to all who have been saved by

faith in the death, resurrection and ascension of Jesus. On the other hand God has, through His prophets, has given us promises or signs that indicate the major events leading up to and including the Second coming of Jesus and the salvation of the Jews.

We should therefore be using our eyes, both natural and spiritual, to see what God is doing in fulfilment of His promises especially the Good News of the Gospel of Jesus Christ and to discern the ‘signs of the times’ as did the Sons of Issachar (1 Chronicles 20:19) and how the unsaved world and its ‘powers and principalities’ are carrying out their planned opposition to God, His Kingdom, His people and His Son.

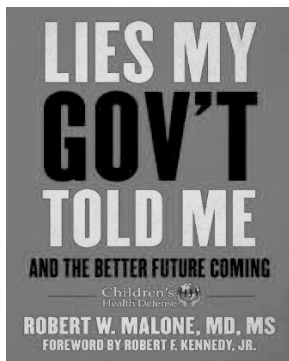

So, what are we now seeing in these days leading up to the Rapture of the Bride Church for the judgement of believers works and the wedding Feast of the Lamb? I described the aims of the globalist political system like this in my 2021 book “The Tyranny of Evil” The final plan of the globalists is based upon the present CCP ‘Social Credit Score’ system by which the Communist Party controls the income and expenditure of the population according to their behaviour and obedience. This is then a control mechanism designed to ensure compliance among the general population. The credit score applies to everything, job, income, rented accommodation etc. AI is used to monitor each citizen day by day through mass surveillance. This digital identification is essential for operating the credit score but cannot be used on people who have not been vaccinated. This again, is very much like the ‘mark of the beast’ in Revelation 13. The digital identifiers are here now in the form of vaccine passports and secure QR codes with a digital wallet containing crypto currency. A company named “Common Pass” is developing vaccine passports linked to WEF Global Reset, 5G and AI and the Moderna mRNA vaccine referred to by the globalists as “The software of Life!” The result of all this is a merged digital platform, altering, updating the human brain (like a Cyborg? a fictional or hypothetical person whose physical abilities are extended beyond normal human limitations by mechanical elements built into the body [Oxford Dictionaries]). Worse still is the claim that these transhuman beings can have their memories altered or invented and life can be switched on or off!

Finally, we must note that all this was part of a vision produced by the Rockefeller Foundation in 2010 called "Lockstep". In the Report they say on page 11 "How might technology affect barriers to building resilience and equitable growth in the developing world over the next 15 to 20 years? In other words, what new or existing technologies could be leveraged to improve the capacity of individuals, communities, and systems to respond to major changes, or what technologies could improve the lives of vulnerable populations around the world? A 15- to 20-year timeframe was chosen on the assumption that it is both sufficiently long enough that significant technological change is plausible and sufficiently short enough that we can imagine some possibilities for the kinds of technologies that could be developed and applied. Focusing on how to overcome a set of obstacles associated with the application of technology to the challenges of development helped to both bound the inquiry and promote a problem-solving approach that seeks to identify potential, systematic intervention opportunities."

The outcome requires global political and economic alignment and also something called 'Adaptive Capacity'. The result, they argue is 'Lockstep' A world of tighter top-down government control and more authoritarian leadership, with limited innovation and growing citizen pushback.

Let us now look at several key ways in which the globalists are achieving their goals three years down the line from Covid.

FIRSTLY – There is a planned campaign to destabilise western societies by the Global elites in both Washington and London. This includes sophisticated and intelligence organisation 'Psywar' mass formation psychosis that began in the UK during Covid19 hoax and involved 77th Brigade and 13 Signals (see my books 'The Tyranny of Evil', 'After Covid, What?' and 'Deluded'). The '5-Eyes' intelligence

organisations from US, UK, Australia, New Zealand and Canada have been co-ordinating the information strategy with NATO to produce a powerful weapon of 'mind control'. In a recent lecture at MISES Institute, Alabama, Robert Malone explained in great detail what all this entailed by reference to his latest book "Lies my Gov't told me – and the better future coming" which is packed with two years of research and references.

Malone describes the global elites strategy as '5th Generation Warfare', designed to supersede modern military warfare yet much more powerful in causing countries to overthrow their governments. No wonder that US military unit DARPA is involved

together with NATO developing the information war of disinformation, psychological warfare and propaganda. We have seen this extensively in use during the Ukraine proxy war to prepare the western nations for a 'war with Russia' in which Putin is overthrown from within following riots and protests fuelled by lies, deception and propaganda. Just as Israel has been losing the 'PR' war with Hamas (because of US/UK psywar operations) so too, they hope that Russia will lose too. Of course, the end in sight is for a Western Hegemony to rise, phoenix like, out of the ashes of terrible human waste and destruction and rule the world! – sound familiar? It should do because the Luciferian elite are behind it and behind them is satan, who will soon appear in the form of the antichrist in an attempt to defeat God and His son Jesus Christ.

SECONDLY – The rise of bio-terrorism. By this we mean the threat of death if we don't take the next mRNA vaccine (already made by 'Big Pharma' and ready for use). The existential fear of death (for non-Christians especially) is being used to manipulate people to do almost anything to stay alive, namely, taking the 'cure' that the globalists just happen to have ready!! This form of bio-terrorism was trialled during the Covid19 hoax by Government/scientists/doctors/Big Pharma/fact-checkers using all the cultural Marxist ploys to denigrate and shame those who wouldn't fall for the lies and propaganda. The terrorists today giving dire warnings about world health and pushing a psywar narrative are CDC, MHA, DARPA (in the USA) The WHO, UN, The World Bank and the main stream MEDIA. In the UK it is the National Security Council (through our Security apparatus including the Joint Bio-Security Centre) and utilising the Cabinet Office structure set up under PM Boris Johnson, 'DCM Fake News Unit' and the Behavioural Science experts together with science and non-science lecturers making up the SAGE groups shown on p49 of "The Tyranny of Evil".

In my book *Tyranny of Evil* (p103) I noted the then advice of SPI-B re this psywar *"A substantial number of people still do not feel sufficiently personally threatened," they write. "The perceived level of personal threat needs to be increased among those who are complacent, using hard-hitting emotional messaging."*

In other words, SPI-B recommended to SAGE that fear levels needed to be increased in order to bring levels of compliance with so-called 'lockdown' up to desirable levels. Another option for managing behaviour which SPI-B recommended was the harnessing of "social disapproval".

THIRDLY – We do not live in a Democracy.

The respected historian, Dr David Starkey has said following the election of Sir Keir Starmer's Labour government and their first month in office "*Labour's police state is now a reality*". Allied to this but from Robert Malone is the startling revelation that "your mind is not your own!" Maybe that this is the reason ! At the same time Sir Kier Starmer was threatening Orwellian actions against 'far right' extremists.

A Messianic believer and church leader in Israel says in his latest ministry update that it is now known in Israel that the Government and Military both knew of Hamas's plans for October 7th at least a month beforehand and yet deliberately ignored the warnings. Israeli media sources are saying that Hamas obtained its gliders from the EU three months before 7th October and that the Israeli government knew about this. The result is that many Israeli's now have trust problems with both Government and IDF believing that somehow they are complicit in what has happened. In his letter the church leader is asking the question 'is our Government led by Globalists?' None of this makes much sense other than that this evil global cabal is being used by God to move Israel to the time of its salvation. He cites two Old Testament passages which are about the same instruction to King David. One is from God and the other by satan. This contradiction is only explained when we accept that God even uses satan to fulfil his plans (which are for good and not for evil). These Scriptures are found in 2 Samuel 24 and 1 Chronicles 21.

An example of the disinformation from the U K Government concerns Ukraine. The details of the origins of the proxy war in Ukraine are set out in my books but our Government has manipulated the facts through the media and , without any mandate has squandered £bn's in financial aid and military hardware and training on this phony war. Ukraine has been, and still is, one of the most corrupt countries in the world, with strong nazi links from WW2 and a hatred of Russians. On what moral basis is the UK supporting this country with its puppet president when the most moral and ethical democracy in the world – Israel, is denied any help by the UK and is openly demonised by the left wing and parts of the Christian Church? Only God – the God of Israel can and will deal with this evil and antisemitic action, and it won't be nice for all those who have called evil-good (Ukraine) and good-evil (Israel).

The French Government's reaction to a Christian Bus in the streets of Paris with a message objecting to the Olympic Games opening

ceremony was to arrest, detain, humiliate and hold the team of six who were driving the bus for daring to stand up for our faith. This wasn't just an arrest; it was an attempt to silence us, to humiliate us, and to deny our basic rights. No democracy in France, then? This happened during the first week of August.

Is our societal breakdown the result of mass inward migration. Immigration added over 7million to the UK population in the two decades up to 2020 (4/5ths of total growth). Apparently a further 3million migrants have since entered

the country and substantially increased our population. Even though we cannot house them or find work for them or provide a health service for them, migrants are the symptom of the cause and not the cause. The cause is the immigration policies that have opened our borders and made welcome anyone who wants to come irrespective of the manner in which they come. Who is behind it? Partly the Government but mainly the Global elite whose long term plan has been to remove sovereignty and borders as well as creating cosmopolitan populations made up of different ethnic groups at odds with each other and without a common identity. Migration Watch say that this is the problem for the UK.

- The issue is the huge and rising *scale* of immigration (a record 1.1 million residence visas were granted to non-UK nationals in year to mid-2022 - par. 1)
- Immigration added around seven million to the UK population in the two decades up to 2020 – accounting for over four-fifths of total growth (par. 11)
- Mass immigration places mounting pressure on already-overstretched public services. There were nearly 700,000 new GP registrations by migrants in 2019/20 (par. 14).
- Record immigration requires a home to be built in England *every five minutes* to meet the skyrocketing demand for homes (par. 17)
- An extensive body of research has consistently found that immigration is a huge cost to the UK Treasury (£13 billion per year - UCL study, 2014/15) – with non-EU immigration (which is presently the fastest rising tranche of immigration) having the biggest fiscal costs (para 19).
- Six in ten of the public support reducing immigration (Deltapoll) and nearly 8 in 10 say the government is handling immigration poorly (YouGov). (Par. 23).
- Demos found in 2018 that about three-quarters of the public considered that immigration had increased divisions (para 27).

- Politicians' repeated promises to reduce and control immigration have been blatantly abandoned and betrayed, harming voter trust and democracy itself.

In His Olivet discourse Jesus told the disciples *Nation will rise against nation, and kingdom against kingdom. There will be famines and earthquakes in various places.* The Greek text uses the word 'ethnos' which is defined in Strong's Greek Dictionary as 'a race, a nation, the nations (as distinct from Israel) a race, people, nation; the nations, heathen world, Gentiles.' – Isn't this sign being fulfilled in front of our eyes today?

"There is also a deliberate policy of cultural division by those who are still in power and controlling the Government" (UK Column News 7th August 2024). There is no need to go to 'Specsavers' but instead pray and study of the scriptures to understand what is going on, just as the prophets have told us. Specsavers may have been going for 20 years but The Holy Spirit has been around for much longer and knows the end from the beginning!

The crux of the debate is not 'immigration: yes or no'? The key questions are whether immigration is benefiting the country, whether it is running at a level which is acceptable to ordinary citizens and whether it is being controlled in a lawful manner. *A country has the right to decide who to allow in.* All countries have border

controls (or should have) and all face legitimate questions over who to admit and who to turn away. The key questions are about who and how many people are good for our economy and society. The globalists are not interested in what we think or want but only on breaking down our democracy and leaving us without proper leadership and direction so that the plans of the WEF can be put into place, eg the Fourth Industrial Revolution, UN2030 etc.

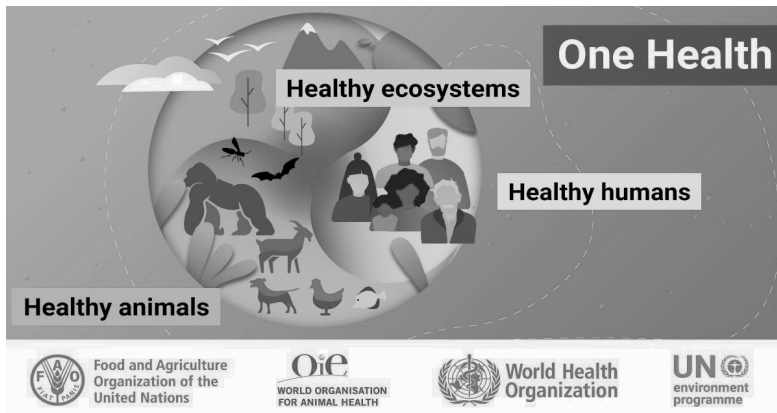

Our response as Christians should be biblical and not emotional or hysterical. The Old Testament has four different words and phrases for strangers (aliens) or sojourners. Of these two are relevant in this case. They are 'ger' and 'zar'. The Hebrew makes a distinction between those strangers who acknowledge the one true God and the one who does not. We should treat both the same but we have no obligation to take

into our nation people who serve false gods (demons) and who want to destroy and enslave us.

The totalitarian misuse of the medical systems and apparatus is reminiscent of how the Soviets used psychiatry to control and suppress dissidents. Men like Sakharov were put into mental institutions. What is happening now is from the same playbook.

FOURTHLY – OUR HEALTH IS OF NO IMPORTANCE TO THE ELITE

On 10th June 2024, the Peoples Vaccine Inquiry was launched. Dr Elizabeth Evans wrote in the Daily Sceptic explaining why. Basically it is because the globalist Tory government who forced Covid19 and its fake vaccines onto the UK, having set up Baroness Hallet's Public inquiry due to begin in January 2024 with Module 4 (Vaccines and Therapeutics) was postponed until January 2025 (after the election and retirement of

those involved in C19?). A preliminary hearing was held on 22nd May 2024 at which there was an update on the scope of Module 4 clarifying that there would be NO investigation into the efficacy of the Covid vaccines and that a detailed investigation of safety concerns regarding specific vaccines was not within the scope of the enquiry. We now wait for January 2025 and a 13 day Module 4.

The result of this unsurprising decision is that several expert groups who had been invited to submit witness statements took matters into their own hands and decided to convene a People's Vaccine Inquiry to be

launched before any General Election. Details and updates can be found on their website <https://peoplesvaccineinquiry.co.uk>. “Covid-19 Vaccines: Censored Facts and Hidden Harms”

It looks as if the previous government decided to let the grass grow and not cut it at all so that by kicking this inquiry into the ‘long grass’ it will never surface to incriminate them and their backers like the Gates Foundation, Pfizer, Moderna, Astra Zeneca and others involved in the scam like June Raines and MHRA and NHS. But God will call them to account!

Professor Paul Goddard has endorsed the People’s Inquiry. Their web site says “The People’s Vaccine Inquiry began with a group of experts who were called to submit Witness Statements in the Covid-19 Public Inquiry – Module 4 on Vaccines. As the Inquiry has postponed Module 4 until 2025, these professionals believed it was in the public interest to give immediate access to their expert testimony.

There has been a huge failure in public health over the past few years, which continues on. There appears to be an attempt to hide evidence from the public and we hope this website is a useful resource for the public and healthcare professionals to stay informed of the latest evidence surrounding the Covid vaccines and their rollout.”

In the US, Robert Kennedy Jnr and his Children’s Health Defence are just about to launch their next documentary film on the Covid hoax. It is called “**Vaxxed III: Authorized to Kill,**” will be in theatre’s nationwide from September 18, 2024. It remains to be seen whether it will be banned in the UK under the appalling new terrorist and online harms legislation.

CHD say, “The narrative we were fed was that COVID was a “pandemic of the unvaccinated.” They told us that those who didn’t take the vaccine were the problem and the reason so many people were sick and dying from a novel virus. They go on to add

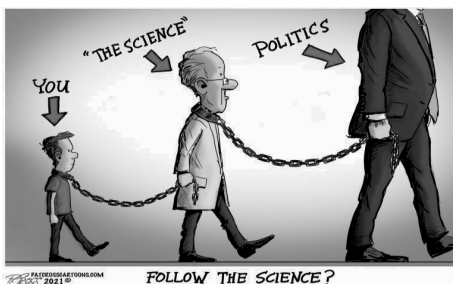

“By now, most of us know someone who experienced vaccine injury firsthand. By now, most of us know someone who had to endure the horrific hospital protocols during COVID.

But the stories are far worse than we could’ve ever imagined. We spent nine months traveling across the country in the CHD bus, documenting the real stories of the people who were injured or killed by vaccines and COVID hospital protocols. The stories were more heartbreaking and shocking than we expected, but nothing could have prepared us for what they collectively revealed. We realized we had a duty to bring this story to light. **The world must know the truth.**

Along with the stories, over 1,350 names were signed on the outside of the CHD bus, serving as a visual reminder of the widespread harm caused by a medical system and public health authorities that continue to dismiss, ignore and gaslight the vaccine-injured. With this list of names, we've created a [dedication page](#) to honour the lives of all those affected.

We know that God cares about our health, both in the way that he made us (wonderfully and fearfully (Psalm 139:14) and He heals the sick, raises the dead and drives out demons. We are reminded too that in the eternal kingdom, there will be no more sickness, no more dying.....Praise God!

Daily Sceptic Update: *This is the 34th of the round-ups of Covid vaccine safety reports and news compiled by a group of medical doctors who are monitoring developments but prefer to remain anonymous in the current climate.*

By no means is this part of an effort to generate alarm about the vaccines or dissuade anyone from getting inoculated. It should be read in conjunction with the Daily Sceptic's other posts on vaccines, which include both encouraging and not so encouraging developments. At the Daily Sceptic we report all the news about the vaccines whether positive or negative and

give no one advice about whether they should or should not take them. Unlike with lockdowns, we are neither pro-vaccine nor anti-vaccine; we see our job as reporting the facts, not advocating for or against a particular policy. The vaccine technology is novel and the vaccines have not yet fully completed their trials, which is why they're in use under temporary and not full market authorisation. This was done on account of the emergency situation and the trial data was largely encouraging on both efficacy and safety. For a summary of that data, see this preamble to the Government's page on the Yellow Card reporting system. (Dr. Tess Lawrie in June 2021 wrote an open letter to Dr. June Raine, head of the MHRA, arguing that: "The MHRA now has more than enough evidence on the Yellow Card system to declare the COVID-19 vaccines unsafe for use in humans." a claim that has been 'fact checked' [here](#).) Boris Johnson said in October that being double vaccinated "doesn't protect you against catching the disease, and it doesn't protect you against passing it on". We publish information and opinion to inform public debate and help readers reach their own conclusions about what is best for them, based on the available data. QED?

Further important information about Covid19, vaccines and Excess deaths has just been released in Canada. This report explained on Friday 9th August by Dr John Cambell on his YouTube channel, is an

extensive report running to over 500pages and took two years to research. The investigation covered 135 nations and 2.7billion people. Dr John emphasised that the report's conclusions are based on comparisons because the actual data has not been released by governments or the pharmaceutical industry. Two headline points:

- i) The excess all-cause mortality is incompatible with a pandemic viral respiratory disease.
- ii) The excess deaths taken from 93 countries is 39million!

FIFTHLY – IT DOESN'T MATTER WHICH GOVERNMENT IS IN POWER

According to Antonio Valasquez of Citizen Go, the radical left Spanish Government have made plans to dismantle the monastery and cross at the Valley of the Fallen. They want to send monks away, desecrate the site, and transform it into a left-wing propaganda museum.

What is their excuse? They claim that the sight and its cross are linked to fascism. This is an outright lie in an attempt to rewrite Spanish history.

The monastery isn't just any landmark—it symbolises peace and reconciliation following the unrest of the Spanish Civil War. It is also the resting place for over 30,000 victims of the war from both sides. Built to bring healing after conflict, the monument is now being re-branded as a memorial of the dictator Francisco Franco. As seems the modus operandi of the left cultural Marxists, they are trying to connect a sacred apolitical space with a dictator in an attempt to brand Christianity as fascism.

In the UK we now have Christians, the culturally British and those opposed to the new totalitarian state, labelled as 'facists' (Far Right). Those entities who are actively financing civil disobedience and chaos, like George Soros's Open Society, The Tides Foundation and Bill & Melinda Gates Foundation amongst others provide organisation, placards and ideas to the indoctrinated counter protestors, particularly branding their opponents as being 'facists', homophobes, Islamophobic and Jew lovers. In France where a centre left government coalition (a confederation of left wing, Islamic and Marxist groups put together to stop Marine Le Penn from becoming PM) are providing a fertile political environment for bio-terrorism and anti-democratic forces to prevail.

We see the same in Holland, Germany, Poland and Hungary. This is the globalist plan in the West.

The issues, infighting and bid to keep full political control of the neo-Marxist EU exemplifies the same point. It doesn't matter what the colour, persuasion or morality of the government, what we are seeing is the outworking of the New World Order which is the antichrist 'Beast System' prophesied in the book of Revelation in the Bible. This system, perversely is on short shelf life because Jesus will destroy both its commercial and its religious aspects in what is called 'The Fall of Babylon'. (Revelation 17 &18)

In my 2016 book "Shaken - An EU Post Brexit Reflection" I wrote this about the now single UK. (p65/66) – it seems just as relevant now "As a country with its moral and ethical roots in the Judeo-Christian tradition, we would, perhaps, be better served by conducting our trade in a Biblical way, even though many of our trading partners will not have the same moral and ethical values. A huge advantage of being in an independent position to negotiate our own trade deals is that of being free from the centralized bureaucracy of the EU, whose ethical and moral values are certainly not Christian, let alone beneficial to the citizens of Europe or the UK. EU trade officials are technocrats, not businessmen. Too much pressure from multi-national companies and the globalist lobby means that 'uneven scales' (Leviticus 19:36) are being used, and that, sadly, bribery and corruption (Exodus 23:8) cannot be avoided. The focus of the EU cabal is on maintaining and increasing its power and political control. Delays in reaching trading deals or opening new markets plus mismanagement, plus the huge lobbying budget of the multi-nationals allied to the political ideology of the EU, have resulted in economic stagnation within the Eurozone. There is also moral and ethical collapse because of the humanist agenda, social disquiet due to the Muslim migrant problem and ISIS attacks, all of which are threatening jobs and pensions. In this latter connection it should be noted that the hugely generous pensions of all the EU officials and staff is paid out of income (i.e. member state contributions) and that the liability, totalling billions of Euros, cannot be funded without substantially increased income.

The message from St Paul to Titus in the New Testament is very relevant to this situation. Paul writes to Titus who is in Crete (a maritime trading nation) which, as a nation, has deteriorated to a deplorable moral level. The dishonesty, gluttony and laziness of its inhabitants was well known (1:12). In his letter Paul sets out the moral and ethical basis necessary for a renewal of faith and wholesome life (3:1-11). "

To this we need to add important information concerning 'Big Tech' as it explains how what we think of social media, online activity and political thought has been weaponised from the beginning by the CIA. Twitter (now 'X') and Facebook were developed by the CIA to control the public. Google was developed at Stanford University using CIA money. This is part of the Globalist /Deep State surveillance of its citizens and a means of controlling their use of online technology whilst using 'domestic terrorism' techniques used by the Homeland Security in the US through

Disinformation, Mal information and Misinformation. Q – on whose neck is the dog collar fixed? And who is at the other end of it? These same companies will or are being used to run the D.E.I Social Diversity system of Diversity/Inclusivity/Equity that will then drive the Beast system during the Tribulation period.

It really doesn't matter what sort of Government is in power in the West because the globalists exercise control and give direction through their monetary and political groups like The Federal Reserve, the WEF, The WHO and the UN. Behind these are the Luciferians such as Illuminati and Bilderberg, the Freemasons and satanic entities to ensure that all of their plans are directed at removing the Trinitarian God of the Bible and those who believe in Him.

We experienced tyrannical governance during Covid, although now we must cast our minds back to the collapse of 2008 On 15 September when the investment bank Lehman Brothers collapsed, sending shockwaves through the global financial system and beyond. During the period September 2007 to December 2009, in the middle of the Global Financial Crisis, the UK government intervened financially to support the UK banking sector, and four UK banks in particular. This was a major event which brought about questionable financial manoeuvring to keep some banks afloat and jettison others, not for customers sake but for investors protection. At the same time the reorganisation of the central banks set in motion the end of the Bretton Woods system, the demise of the fiat money system and the preparation for the globalist control of the world.

The Bible is very clear and direct in its direction for moral and ethical living. For example we are not to lie, use false scales, use unfair trade to impoverish others, (Leviticus 25:14,35; Deuteronomy 24:15; Psalm 113:7; Proverbs 16:1) we are to treat people with dignity and respect (Proverbs 13:41). In addition we are called to allow God's love and justice to direct our dealings with others (Proverbs 13:23). WE are not to charge usury on loans (Psalm 15:5).

We can see from these examples how the globalists have ignored God's commands and done the opposite. The Coronavirus hoax was a time of such evil and sin. In the following comment you can see how they used lies and evil practices to control peoples lives.

Today we have an unremitting diatribe from the media and government ministers about Russia, blaming Russia and President Putin for what they themselves are doing, from election interference, regime change, world fuel and food shortages and military threats. An example of this

diatribe is *"Putin's regime 'thrives on fear, intimidation and huge dollops of propaganda'". However, as the Covid pandemic was rolled out in 2020 we, the British public (and other populations around the world), were subjected to a carefully planned and executed tsunami of fear-inducing propaganda and military-grade psyops. We were comprehensively gas-lit, repeatedly fed horrendous scare stories, isolated from one another and subjected to outrageous coercion including 'Don't kill granny' messaging. All to push through untried, and now proven-to-be-dangerous gene therapies.*

Whatever we might think about Russians and Putin we must not be led by such media and government lies and disinformation – how interesting that Israel is the target now of such lies and disinformation, causing many, for whatever reason to lose control and start behaving irrationally and becoming threatening and abusive. What we see being rolled out across our globe with the World Health Organisation, its mega-rich paymasters and their combined UN Agenda 2030, is a diabolical scheme designed to impoverish and enslave the masses. "You will own nothing and be happy" is Marxism 2.0, and could fit straight into the pages of Orwell's 1984. The Net Zero/Climate Change/Save the Planet scams along with forever wars are the contents of the globalists' tool box. World War III is now well underway and we all are the principal targets. (See p3 about 5th generation wars)

British academic and researcher Dr. David Hughes who has Ph.D.'s in both German studies and International Relations gave an interview in 2022 to one of his peers. Based on his continuing research it covers all aspects of the agenda which we have seen unfolding. His insights and what he concluded back then stands up 2 years later. It is well worth listening to (skip the first 1m40s). His book "**Covid-19," Psychological Operations, and the War for Technocracy, Volume 1** is available as a [free PDF download](#). (As [hardcopy](#) it costs over £100.) His most recent (July 2024) book is entitled: *Wall Street, the Nazis, and the Crimes of the Deep State*.

SIXTHLY – JEWS MAKING ALIYAH

It seems as if God has, once again, allowed the unrest and political upheaval to fulfil His purposes. The upheaval of right and reason has led 2000 Jewish families in France to begin the process of Aliyah since their recent elections. The Aliyah Return Centre whose Mission is – *Helping to fulfil prophecy of Aliyah and the restoration of Israel* – and whose Biblical mandate is taken from Isaiah 14:1-2; Isaiah 49:22; Jeremiah 32:41 and Acts 3:21.

The Law of Return that was passed by the Israeli parliament in 1950 gives all diaspora Jews, as well as their children and grandchildren, the

right to relocate to Israel and acquire Israeli citizenship on the basis of connecting to their Jewish identity.

Data from the Ministry of Aliyah and Integration highlights a consistent monthly increase in immigration since October 7, 2023, coinciding with the continuation of the war. Only 781 immigrants arrived in October 2023, but this figure nearly doubled to 1,466 in November 2023 and reached 2,145 in December 2023. By February 2024 over 6,500 had made Aliyah. According to various Jewish agencies the numbers are still increasing despite or because of the war. God is bringing His people home to the Land ready for their salvation.

The Times of Israel 21st May 2024, reports amid rising antisemitism, North American and Western European arrivals this year expected to total 15,500, more than 2.5 times the number that arrived last year according to the Jewish Agency.

All however, is not well in Israel. The concerns and controversies concerning October 7th are troubling many Church leaders in Israel. Here is a recent comment by Arnie Kline, as very respected Messianic leader, preacher and pastor.

"Greetings from the front line. As facts and testimonies regarding the events surrounding October 7th continue to surface in mainstream Israeli media, it is clear that our military officials were warned of the planned attack, complete with an actual playbook that was followed more or less to the letter. For some reason the high command chose to ignore multiple credible passionate warnings. The public outcry for accountability will not go away. Understandably, a large percentage of Israelis have lost trust in our political and military leadership. What a disturbing reality it is. We are too smart to be that stupid and too professional to be that incompetent. The military were essentially shown what was coming. They could have easily minimized or even neutralized Hamas' plan. The public is being fed a narrative that chief government ministers, including the Prime Minister, were not informed of any impending threat. It feels like we are witnessing an exposure of an Israeli deep state.

There are issues in the Israeli government surfacing too relating the IDF senior officers and the Defence Minister Yoav Gallant. Writing in JNS on 9th August, Amichai Stein says (extract) "Yoav Gallant has turned into a political nemesis for the prime minister, but circumstances may keep the pair working together to fight Israel's enemies.

Recent Israeli media reports indicated that Prime Minister Benjamin Netanyahu would fire his defence minister, Yoav Gallant, over key political disagreements following Netanyahu's address to a joint session of Congress and meeting with President Joe Biden in Washington two weeks ago.

Amir Ettinger, senior political correspondent for the *Israel Hayom* newspaper, told JNS that while Israel's top two ministers have political differences, on key security issues they remain in lockstep:

"The working relationship between Gallant and Netanyahu can be described as 'murky,' but you need to separate things. In terms of the security situation, the two speak, meet, there is no disconnection between them." But following the Majdal Shams attack, Gallant said that he and the security establishment were preparing a response. Netanyahu was furious, seeing the statement as infringing on his authority as prime minister.

"Politically, Netanyahu doesn't trust Gallant," Ettinger told JNS, particularly "when it comes to the unity of the coalition."

This atmosphere of mistrust began during the pre-Oct. 7 judicial reform crisis. In May 2023, while Netanyahu was abroad, Gallant convened a solo press conference and called on the prime minister to halt the judicial reform legislation, amid massive street protests throughout Israel.

Some 24 hours later, Netanyahu announced that he would fire Gallant. The protests against the reform immediately intensified and the prime minister quickly reversed his decision.

Their relationship has deteriorated since then. However, members of Knesset from Netanyahu's ruling Likud Party (of which Gallant is a member) are not in agreement about the wisdom of replacing Gallant during the war.

WE need to include the Israeli War Cabinet in our prayers and particularly for the Prime Minister and Yoav Gallant to remain focused and attentive to the voice of the Lord, who alone will give them the victory.

Allegations of IDF brutalizing a Hamas terrorist have now been shown to be false as Israeli military court hears expert evidence. This report in JNS on 9th August helps refute yet more wild allegations levelled against Israel and the IDF in the Gaza War.

A medical opinion submitted in the case of the Hamas terrorist who was allegedly rapsurprise you.ed at the Israel Defense Forces' Sde Teiman detention center suggests that the IDF reservists suspected of attacking him could be innocent, Israel's *Channel 14 News* broadcaster reported on Thursday.

The expert opinion, written by Professor Alon Pikarsky, director of general surgery at Jerusalem's Hadassah-University Medical Center and a board-certified general surgeon specializing in colorectal surgery, was revealed during a closed hearing at the Beit Lid military court, according to the report.

A COMING FINANCIAL CRASH AND INTRODUCTION OF CBDC'S

Warnings are being regularly given by financial experts on the unseen state of Central Banks and the amount of Government debt. These are in the financial press, on TV and YouTube. It is easy to ignore them because, as yet nothing has happened, but the personal experiences of many with their banking provider indicates that something is not right. The pressure to use digital wallets rather than cash is increasing as more and more retailers will not accept cash, preferring instead, contactless payments.

Following the election we have had the new chancellor saying that the previous government has left a huge 'black hole' of debt which will only be reduced by an increase in taxation. Whilst the national accounts are always open for anyone to see, especially a 'shadow Chancellor' this excuse doesn't hold water, but the fact remains that there is a huge debt in the current account of some £10bn.

A Christian minister and prophecy watcher with special interest in the financial markets is Britt Gillette. On 5th August in his prophecy update on the coming financial crash underpinned his prediction with a number of facts.

- i) A crash is imminent because Jamie Dimond **Chairman and Chief Executive Officer, JPMorgan Chase & Co.** has been selling his stock in JP Morgan.
- ii) Unrealised gains and losses on investments are now over ten times worse than in the Great Depression and the 2010 crash (\$675bn to \$65bn)

- iii) The Chinese property Industry is in meltdown which is affecting the Yen and will cause China to sell US gilts and treasury bonds (debts) making the US banking system vulnerable.
- iv) Japan is in the middle of a currency crisis which will also badly affect the US in fact they just had a 12% drop in value which is classed as a 'crash'.
- v) Germany is in financial trouble because of de-industrialisation
- vi) The US Real Estate industry is crashing as values plummet
- vii) There are widespread bank failures and more are predicted as the FRED St Louis (Federal Reserve Economic Data) graphs show. Junk investment bonds are failing and corporate failures are certain to follow.
- viii) Gross domestic debt is running at appx 130% of gdp.

The well-known researcher and author, Whitney Webb summarises the present dire situation as “Its us versus them” and “the collapse is closer than you think”. Britt Gillette on 8th August warned that when everything breaks, the authorities will lie to us.

Neil McCoy-Ward warned in March 2024 that UK cities were experiencing unbelievable poverty. In April 2024 he warned that it was time to get our house in order and by July Britain has truly fallen. His Podcast episode 21 made in October 2023 details how debt (personal or national) will only lead to one thing and that is collapse.

It is clear from all the WEF and FED information that CBDC are the globalist's crown in their plan to control the world. As Whitney has declared CBDC's will be the only way to have identity. Anyone who refuses digital currency and digital identity will cease to exist in official records. The globalists have already made their decision as to what the solution (to all their mismanagement, lies and deception and their greed for more wealth and lust for total power) will be.

They need a 'Big Event' to justify them introducing this new international finance system (which will replace the Bretton Woods Agreement) based upon blockchain giving total surveillance and control by numerous entities through digital means.

All governments around the world are pushing this agenda with Larry Fink of Blackrock at the helm – the same Blackrock that now owns most of Ukraine! All assets, land, water, animals, buildings, forests and lakes will be monetised and used by the elite to control everything.

This is a crime against the world and mostly against God (Psalm 51 – David said “against You and You only have I sinned”) Jesus tells us to be of good cheer for He has overcome the world.

ISRAEL AT WAR – The Battle belongs to the Lord.

IDF green-lights 'operational plans' for Lebanon

The plans were "authorized and validated" by Northern Command head Maj. Gen. Uri Gordin and IDF Operations Directorate head Maj. Gen. Oded Basiuk. Another war is about to start in earnest after nearly eight months of skirmishes. Israel is at war on at least four fronts, Gaza, Yemen, Lebanon, and Iran apart from the PR war which, thanks to the liberal media and the Biden Administration, it is losing.

Is this war a holy war commanded by God to protect Israel from His and their enemies? Does this war have any links to those fought in centuries past by Israel? Is the Israeli war cabinet being led by God? Is this war part of God's End-Times plan for the salvation of Israel? These are some of the key questions being asked. We need to know so that we are in line with God's will and properly focused in our prayers.

God's battle lines:

The first lesson to learn comes from 2 Chronicles 20:13 that our battles belong to the Lord and the victory is His. No matter how overwhelming the circumstances may seem, when we turn to God in faith, worship, and obedience, He works miraculously in our favour. It's a call to trust in God's sovereignty and His love for His people. The Prophet Jahaziel who told the people and the King,

"Listen, all you of Judah and you inhabitants of Jerusalem, and you, King Jehoshaphat! Thus says the LORD to you: 'Do not be afraid nor dismayed because of this great multitude, for the battle is not yours, but God's.'"

The passage provides a powerful lesson on faith and encouragement. It recounts the story of King Jehoshaphat and the people of Judah facing a vast army. In the face of this threat, Jehoshaphat's response was to seek God's guidance and to encourage the people to have faith in the Lord's promises.

The history of Israel's battles with the surrounding nations began during the 40 years of the Exodus beginning with the Egyptians who pursued Israel to the Red Sea in order to return them to slavery. God, however intervened and told Moses what to do leading to the pursuing Egyptian army drowning and Israel the victory. (Exodus 13:17 – 14:31). Wars and battles continued frequently during the wilderness wanderings, against the Amalekites at Rephidim when Israel prevailed because Moses stood

on the hill with the staff of God in his hands. (Exodus 17:8-16). Moses then declared that God would be at war with the Amalekites from generation to generation (Exodus 17:16).

The Book of the Wars records more battles (Numbers 21:14) beginning with the Amorites, then the Moabites who seduced the Israelites causing them to sin and suffer the plague that God put on them as punishment. (Numbers 25). The Midianites were next as vengeance for the Lord. (Numbers 31)

The next battles were those of Joshua when he captured Jericho (Joshua 6)

And Ai (Josh 8). These were followed by the Gibeonites (Josh 9), the Amorites (Josh 10) and the Northern Kings. The list of defeated kings amounts to 31 (Josh 12). All these are part of God clearing the land for his people. Unfortunately the Midianites were not totally defeated and it fell to one of the Judges, Gideon, to defeat them led by the Lord (Judges 6 & 7). The Philistines also emerged as a threat to Israel and this time it was Samson who God used to defeat them (Judges 15, 16 & 17).

Five Amorite kings from the cities of Jerusalem, Hebron, Jarmuth, Lachish, and Eglon joined together to destroy Joshua and the Israelites and prevent them from conquering all of Canaan. However, Israel defeated these kings and their armies because God was on their side to work miracles and to work through their military strategy (Josh. 10:1–15). The IDF saw miracles in Gaza in the early days.

Having routed the five kings, Joshua returned to the cave and brought out the kings, inviting the commanders of the army of Israel to put their feet on their necks and exhorting them not to be afraid, for God would do this to all the enemies of Israel. In Scripture, conquering is frequently symbolized with the imagery of putting enemies under one's feet (1 Kings 4:21; Ps. 47:3). It was a tangible sign to encourage the people that God would keep His promises. It showed the Israelites then—and it shows us today—that *“we conquer when God fights for us”* (Matthew Henry). This is particularly born out in 1 Kings 5:1 where we read “And Solomon reigned over all the kingdoms from the river (Euphrates) to the land of the Philistines, and to the border with Egypt: they brought tribute and served Solomon all the days of his life. (One New Man V)

David's first military battle is against Goliath, and the Philistine army. He kills Goliath with nothing more than a slingshot, a few stones, and a simple but profound faith in God (1 Samuel 17:26). Later, he conducts campaigns against the Philistines and wins a victory against them. David killed them with a great slaughter. And they fled from him (1 Samuel 19:8).

David, sometime later, invades the land populated by the Geshurites, Gezrites, and the Amalekites. This area lies south of the city of Ziklag. His attack is successful and he wins a victory, although the battle itself is quite brutal and bloody because he did not keep alive man nor woman, and took away the sheep and the oxen and the donkeys and the camels and the clothing, and returned and came to Achish (1Samuel 27:8 - 9).

The city of Ziklag is attacked by the Amalekites. It is burnt to the ground and all the women of the city become prisoners. Among the female captives are two of king's wives, Ahinoam and Abigail. He asks God, through the High Priest's ephod, if he would be victorious if he launched a military campaign against those who raided the city. After receiving an affirmative answer, he collects 600 men and goes after the Amalekites who are soon attacked and routed. All the people who were taken as prisoners are freed and a great amount of spoil comes to Israel. In fact, so much was taken from the Amalekites that not only Israel's fighting men but also at least thirteen cities shared in the spoils of victory! And nothing was lacking to them, from the small to the great, even to sons and daughters, and from the spoil, even to all that they had taken to themselves (1Samuel 30:19).

Attacking Jebus

And David and all Israel went to Jerusalem, which is Jebus, where the Jebusites were the people of the land. And the people of Jebus said to David, "You shall not come in here." But David took the stronghold of Zion, which is the city of David. (1Chronicles 11:4 - 5). David rallies all Israel to attack the city of Jebus. He takes the city, renames it Jerusalem, and makes it his capital in celebration of his victory. David lived in the stronghold and therefore they called it the City of David. (1 Chron 11:7) – It is both interesting and important that only then can the Ark be brought to the city (1 Chron 15)

The Philistines, upon finding out that David is King of Israel, attack him. The Lord, however, is behind him and gives him a decisive victory over his enemies in which God himself supernaturally causes the Philistines to hear marching armies in the mulberry trees. (2 Samuel 5:17 - 21). Sometime after, however, the Philistines fight him again, but this time with the Moabites, Zobah, Syria, and Edom. They are all conquered, with some of them becoming his servants (2Samuel 8:2, 6, 14).

King David will go to war with Israel's greatest enemy, the Philistines, four more times and win each battle. (2Samuel 21:15, 18 - 20).

1 Kings 4:21 King Solomon told Hiram, king of Tyre, "You know that because of the wars waged against my father David from all sides, he

could not build a temple for the Name of the LORD his God until the LORD put his enemies under his feet.

It is so relevant for today, as wars are being waged against Israel from all sides, BUT Israel must delay full temple worship until God has put all his enemies under his feet, but, as we know, they will worship in a third temple into which the antichrist will come and claim to be God.

These wars of Israel with surrounding nations were not ordinary wars (2 Samuel 2:24-29). They were a special embodiment of the great conflict which was ordained from the beginning against the devil (Genesis 3:15) and of which the Biblical history is a record. They involved principles and issues of vast importance; and they must be considered in the light of the peculiar position of the people of Israel, the measure of Divine revelation given to them, and the "moral and ethical commands" in order that they may be judged of correctly, and just inferences drawn from them in relation to the conduct of Christian nations. It is good that the IDF test every plan and action against those same rules today.

God is being called upon to fight for Israel today

Since Israel returned to the Land by the grace and plan of God in 1948, every attempt has been made by the sons of Ishmael to eradicate them from the land. There have been 12 wars prior to this current war. These are:

The War of Independence – 1948/9	Hezbollah War - 2006
The Suez War – 1956	Gaza War - 2008
The Six Day War – 1967	Gaza War - 2012
The War of Attrition – 1967-70	Gaza War - 2014
Yom Kippur – 1973	Gaza/regional War –
2023-?	
The Lebanon War – 1982	
1 st Intifada – 1987	
2 nd Intifada – 2000/5	

Whatever other conflicts or skirmishes take place before the Rapture the prophet Zechariah was told by the Lord that Israel will win (Zech 12:6-8)

Summary

According to Politico *on June 18th*, in a piece largely overlooked, "The Biden administration is considering appointing a U.S. official to serve as the top civilian adviser to a mostly Palestinian force when the Israel-Hamas conflict ends, four U.S. officials said—a sign that the U.S. plans to be very involved in securing a post-war Gaza", not for God or good but for the devil.

The article added, "The civilian adviser would be based in the region and work closely with the commanding officer of the force, who would be either Palestinian or from an Arab nation, the people said." We remember how the US did the same in Iraq at the end of the Gulf War, leading then to the disintegration of Iraq as Iran and Iraqi Sunni Muslims jostled for power and allowed militant Islam to take hold of the country. We remember then how the thriving Christian Church, St Georges, led by Rev Andrew White was attacked and eventually Iraqi Christians left the country. It raises the question of what will happen to the Christian churches in Gaza with over 1,000 members.

Israel is alone. After she was brutally attacked in October of 2023, one would have thought the world would rally to her side. Not so! Not even America is now her ally. The U.S. is withholding weapons and intelligence. The world is leaderless. There is not one global leader to whom the world looks. The Good News is that the battle belongs to the Lord and King Jesus is on His throne **Alleluia!**

The God of Elijah and Elisha is still active! In 2 Kings 6 we find the extraordinary account of how Elisha overcame the Aramean Army As they were blinded by the Lord. In verses 11-12 we read "For this reason the king of Aram became enraged and called his servants to demand of them, "Tell me, which one of us is on the side of the king of Israel?" But one of his servants replied, "No one, my lord the king. For Elisha, the prophet in Israel, tells the king of Israel the very words you speak in your bedroom."

This shows how God can operate on behalf of Israel. He gives them the necessary intelligence needed for them to make their plans and have victory. WE have seen in Israel's wars with Iran, Hamas, Hezbollah and the Houthis how Israel's Mossad seems to have the most secret and personal details of their enemies commanders and where they are in order to kill them. The list of amazing and daring strikes, perfectly carried out with both precision and accuracy have tilted the scales in favour of Israel.

You can use the most sophisticated weapons available to man but if you don't know the whereabouts, the time and place of your enemy then that weapon is no use. Israel has sophisticated weapons but most importantly it has God. It is just amazing how the IDF keep finding more tunnels in Gaza under the Philadelphia corridor and at the same time shows the IDF where Hezbollah's main HQ is and its main arms store!

We shouldn't be surprised as God has even destroyed Israel's enemies himself. In 2 Chronicles 20:20-37. In verses 22-23 we read, *"When they began singing and praising, the Lord set ambushes against the sons of Ammon, Moab, and Mount Seir, who had come against*

Judah; so they were struck down. For the sons of Ammon and Moab rose up against the inhabitants of Mount Seir, completely destroying them; and when they had finished with the inhabitants of Seir, they helped to destroy one another."

God even used marching sound in the trees to defeat Israel's enemies (2 Samuel 5:4)

He also used hailstones *"As the Amorites retreated down the road from Beth-horon, the LORD destroyed them with a terrible hailstorm from heaven that continued until they reached Azekah. The hail killed more of the enemy than the Israelites killed with the sword. (Joshua 10:11)*

God promises to defeat those who curse Israel *"And I will bless those who bless you. And the one who curses you I will curse. And in you all the families of the earth will be blessed."* (Genesis 12:3)

Antisemitism – (This is part of a longer article in CUFI on 24th June 2024) "In Psalm 83, Israel's enemies declare, "Come, and let us cut them off from being a nation, that the name of Israel may be remembered no more."

This is the wicked agenda of every antisemite who has wished to eradicate Israel from the face of the earth. The psalmist equates the enemies of Israel as *"Your enemies"* (meaning God's enemies), and the Jewish people as *"Your people"*. This should stir Christians to realise that turning against Israel is turning against God Himself, and mistreating the Jewish people is opposing *His* people. The same Psalm accuses those who hate the God of Israel as taking *"crafty counsel"* and forming a *"confederacy against You"* after united consultation.

Right now, across the world, the propaganda machine against Israel is in overdrive. In multiple spheres, wrong counsel has turned hearts against Israel. *"Crafty"* is the right word used by the psalmist, because there is nothing sincere or truthful in the demonisation of Israel that we are seeing on campuses, on the streets of London, on social media, and in the halls of the UN. It is crafty because it is fueled by hateful lies, deceit and manipulation.

I trust that this will keep us alert and continue to hold Israel in our prayers in the battle for truth. Meanwhile, in the Church, false teaching in the form of replacement theology seeks to *"cut off"* metaphorically Israel from being a nation. I believe that this is one of the most important issues facing the Church in Britain today, and should be resisted by every Christian.

OTHER ITEMS RELEVANT TO THE DEMISE OF DEMOCRACY AND JUDEO-CHRISTIAN MORALITY

The right of the unborn to life – the fight against legalised abortion at any term. According to the Christian Institute the proceed. majority of the public (55%) oppose decriminalising abortion. Due to the election the backbench amendments to the Criminal Justice Bill did not proceed. Unfortunately the abortion lobby intend to table new amendments to totally decriminalise abortion

The right to assisted suicide – Legislation to permit assisted suicide is already being considered in Scotland, the Isle of Man and Jersey. A celebrity backed campaign in England is underway – the BBC programme pushing this was called “Better off Dead”. The activists proposals are described by the acting director of the Christian Institute as “Chilling”.

Conversion Therapy Law: The Labour government has promised to introduced “a full trans-inclusive ban on conversion practices”. An activist led study documenting the allegations of just 10 people was used by Northern Ireland MLA’s to demand the Executive to ban all forms of conversion practices. This is part of the LGBT lobby group ‘Rainbow Project’ which, sadly, was paid for by the N.I. taxpayers. If the Executive go ahead with such a ban then legal action will follow, but it is clear that the woke, liberal left will continue to push for this and other cultural and religious changes,

Gender recognition reform: Labour has pledged to modernise existing legislation while upholding the single sex exceptions under the Equality Act 2010. Unfortunately Welsh schools are rife with trans-affirming ideology by adopting Ideologically driven policies on gender identity which compromise children’s safety and wellbeing.

ICC Arrest warrants for Israeli leaders – The new Labour government has immediately dropped its challenge to ICC arrest warrants for Netanyahu and Gallant. The Board of Deputies, and others have objected. UK lawyers for Israel say that there is no legal validity in the ICC warrants.

NHS and FGM – The NHS are to appoint a ‘senior fellow’ to encourage Female Genital Mutilation! This was advertised at Barnet and Chase Farm Hospitals at a salary of £50,000. The hospital refers to it as ‘masculinising Genital Gender Affirmation Surgery’ – same as mutilation! Jesus says in Luke 5:31b *“Jesus answered them, “It is not the healthy who need a doctor, but the sick.”*

LIES AND MORE LIES!

Biden administration will uphold sanctions on Israelis for ‘settler violence’ amid lawsuit

In a report for JNS, on 9th August 2024, Andrew Barnard reported:

“We have been quite clear that we expect Israel to take actions to crack down on settler violence, and if they don’t, we will,” a U.S. State Department spokesman said.

The Biden administration will continue to enforce sanctions on Israelis after a federal lawsuit was filed alleging that the policy discriminates against Jews and American supporters of Israel, according to U.S. State Department spokesman Matthew Miller.

“We have been quite clear that we expect Israel to take actions to crack down on settler violence, and if they don’t, we will,” Miller said at the department’s press briefing on Thursday. “We have taken those steps, and we will continue to do so as appropriate.”

Eugene Kontorovich, a professor at George Mason University Scalia Law School and an adviser to the plaintiffs and their legal team, told JNS that U.S. President Joe Biden’s February executive order on “persons undermining peace, security and stability in the West Bank” has been applied far beyond the “extremist settler violence” that prompted Biden to declare the national emergency.

“The administration talks about this as sanctions on ‘violent settlers,’ and people get some kind of picture in their mind,” Kontorovich said. “But as the administration has applied them, they have been applied to people who are clearly not accused of any particular acts of violence, like Reut Ben Chaim, and who are not even settlers, like Reut Ben Chaim.”

“This is not a sanction that is limited to violent settlers,” Kontorovich told JNS. “It’s a sanction on Israelis and like-minded American citizens who disagree with the Biden administration.”

Hamas routinely lie

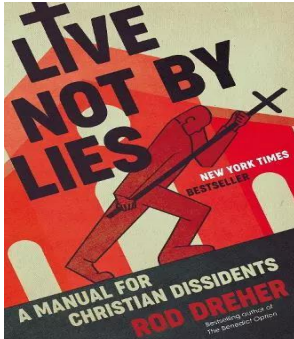

UNWRA routinely lie

Woke governments routinely lie

They have exchanged the truth for a LIE!

The truth is not in them and they deceive themselves.

A relevant book is ‘Live not by lies’ – Ron Dreher

For years, émigrés from the former Soviet bloc have been telling Rod Dreher they see telltale signs of "soft" totalitarianism cropping up in America--something more *Brave New World* than *Nineteen Eighty-Four*. Identity politics are beginning to encroach on every aspect of life. Civil liberties are increasingly seen as a threat to "safety". Progressives marginalize conservative, traditional Christians, and other dissenters. Technology and consumerism hasten the possibility of a corporate surveillance state. And the pandemic, having put millions out of work, leaves our country especially vulnerable to demagogic manipulation.

In *Live Not By Lies*, Dreher amplifies the alarm sounded by the brave men and women who fought totalitarianism.

Available from Amazon

A final word from VfjUK "With the current debate, as presented in the media, focusing on violence by those it categorises as right-wing extremists, and largely ignoring the grievances of those they claim to represent, such cock-eyed policy will not and cannot appease the heartfelt cries of those who feel their interests have been betrayed. It is suggested, therefore, that a perhaps better way of dealing with the problem would be to listen to the concerns and distress of those who feel marginalised, and then try more fairly and equitably to address the issues raised.

But the real problem – to which Church and State need urgently awake – is that we are a nation under judgment, making this at heart a spiritual battle, and the only way our present turmoil can actually be resolved is for us to turn back to Christ and repent. **To which we say AMEN**

Please pray for Israel and God's saving plan for them. remember 2 Chronicle 7:14, pray for our nation, our government and the salvation of all those who do not know Jesus. Maranatha! Come Lord Jesus, come.

UN AND WEF PUBLIC PRIVATE PARTNERSHIP

Are pieces of the globalist jigsaw now coming together meaning that time is very short? On June 3 2020, Klaus Schwab, the executive chairman of World Economic Forum declared "The Great Reset". It was followed by statements from UN Secretary-General **António Guterres**, **Prince Charles** (now Charles III), and representatives from IMF, Microsoft and Mastercard.

The key message was that the old system was no longer fit for the 21st century. The COVID-19 crisis had, according to Klaus, created an opportunity for change:

This was one year after a strategic partnership had been signed between UN and WEF with the intent to accelerate the implementation of the 2030 Agenda for Sustainable Development. The United Nations leadership would "engage

in and utilize the different platforms” provided by the World Economic Forum “to advance impact”.

This constituted a common futures agenda between UN and the global business community. It would deliver opportunities for the crisis profiteers as well as for those who sought centralised control. The Great Reset would be achieved through a revision and transformation of the UN-system into a global Public-Private Partnership with WEF as a key partner.

SHALOM! From Dr. Erez Soref, President of **ONE FOR ISRAEL**

"About midnight Paul and Silas were praying and singing hymns to God, and the prisoners were listening to them..." (Acts 16:25)

These are very dark days for Israel. Sunset on Monday night ushers in the 9th of the Hebrew month of Av (Tisha B'Av), a date full of significance. It was on this date that many disasters happened to the Jewish people throughout history. According to some intelligence reports, Iran and its proxies are promising yet another one on this same date. But however bleak, however dark and menacing our situation seems, as God's

children we still have reason to shout our praises to God. He is still worthy, He is still mighty, and He is at work protecting Israel and working among us day in and day out. Our praises are powerful!
